Network 2022-23

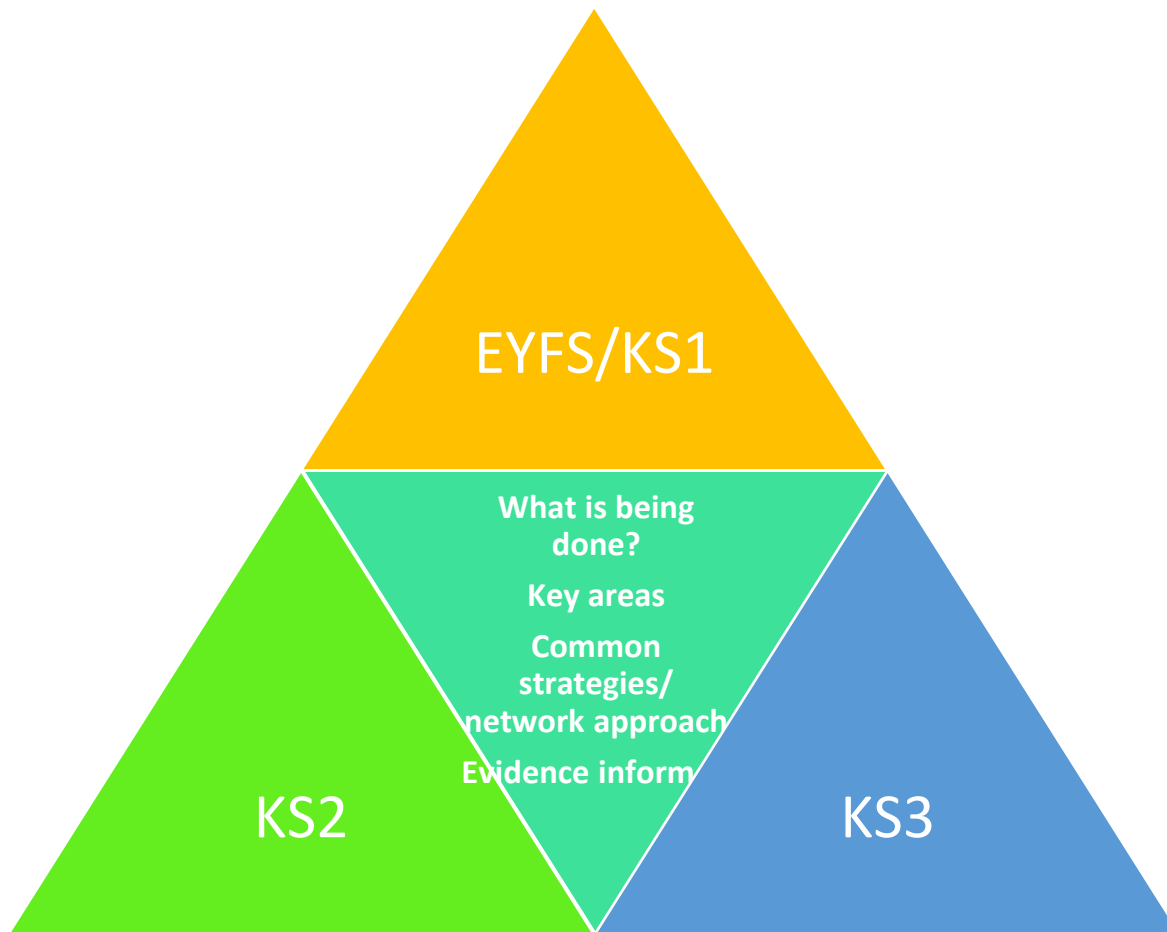

The shared imperative/key aim for the Network is to raise standards of achievement, improve pupil learning and enhance the curriculum; ensuring that the network schools can achieve more together than they would be able to as individual settings.

It is recognised that a Headteacher's first responsibility is to their school community and that each school retains its distinctiveness, however our key duty is for all the children and young people across the locality.

WHSN Memorandum of Understanding

The shared imperative/key aim for the Network is **to raise standards of achievement, improve pupil learning and enhance the curriculum**; ensuring that the network schools can achieve more together than they would be able to as individual settings.

This is a living plan which will be the 'touchstone' for network meetings throughout the year, it will be amended as necessary
